Description

A group of 5 Weslaco, Texas AMS employees volunteering time, research, and money to establish, plant, maintain, document, and educate the community adults and children on the value of a Butterfly Garden to Ecology, and the preservation of natural resources.

Characters remaining: 1000

USDA's Role

AMS Weslaco employee volunteers are responsible for 100% of the garden effort.

Characters remaining: 1000

Notes

AMS Weslaco employees received permission from Headquarters, the property owners, and our OIC to establish the Butterfly Garden. Volunteers will expand and maintain the garden year round. We expect to have all plantings and educational tools in place by the fall migration of butterflies.
